PATENT COB
AND
Corn Mill.

THE subscriber has the rights for this and Holmes county for a Mill to grind Cobs and Corn together, or separately. This invention is of the most simple and practical kind and is applied to the common planation mills of the country now in use, requiring no additional expense for new buildings, frame work, new mill stones or machinery excepting the simple apparatus furnished by the subscriber himself. The use of this mill has become quite general in Adams and Jefferson counties and other parts of this State and Louisiana. They are afforded at a comparatively trifling sum, and besides furnishing a superior feed for stock it is estimated by those now using them, including many of the first Planters of the last above mentioned counties and Louisiana, that the saving effected thereby is from one-third to one-half. The subscriber now offers these mills to the Planters of Madison and Holmes and is prepared to attend to any applications that may be made from either. One of the mills can be seen at Major W. F. Walker's plantation, 4 miles from Canton, and the subscriber can be seen or heard of and further information obtained by inquiry of Jacob Mitchell, Esq., Canton, or Messrs. Giles & R. B. Vernon.
